

Valdobbiadene Prosecco Superiore

DOCG "52" Brut

TECHNICAL INFORMATION

The grapes, which are grown in our own organic vineyards, are harvested by hand and then undergo soft whole-bunch pressing which makes juice extraction faster and more efficient. This process, which is gravity-fed, involves separating the cuvées obtained from pressing (free-run juice and first press), which then ferment at a controlled temperature of 17° C, before resting on the fine lees for some months with carefully considered bâtonnage. The cuvée is then transferred to horizontal autoclaves (pressure-resistant tanks) for fermentation at a controlled temperature of 14-16° C, to bring out the full aromatic potential of the base wine. Once the right pressure has been reached, the wine is rapidly cooled to inhibit yeast activity and then the sparkling wine rests on its lees for a number of weeks before being bottled isobarically and released for sale.

TASTING NOTE

A young, fresh wine which is bright straw yellow in the glass. On the nose, it reveals floral notes reminiscent of acacia blossom, and fruity hints of rennet apple and peach. Crisp and fragrant on the palate, the extraordinarily fine bubbles carry with them the intense aroma of yellow fruits and deliver an enchanting mouthfeel with a suggestion of sweetness which is not sugary but rather a perception of ripeness, velvety softness and the wine's concentration of elegant bubbles.

SERVING SUGGESTIONS

Excellent on its own or an ideal accompaniment to tasty, juicy appetizers and any seafood or vegetarian meals. An interesting companion to the hot and spicy cuisines of Asia and South America.

GRAPES

Glera

PRODUCTION ZONE

Conegliano
Valdobbiadene

ALTITUDE

160 - 400
m.a.s.l.

TYPE OF SOIL

Shallow, moraine in
origin, with sandstone
and conglomerates.

TRAINING SYSTEM

Sylvoz, Cappuccina

PLANTING DENSITY

3,000 - 4,000
plants per hectare

HARVEST PERIOD

Second half
of September

ALCOHOL LEVEL

11.50 % vol.

SERVING TEMPERATURE

8 - 10 °C

RECOMMENDED GLASS

Medium-sized tulip
with narrow rim

AGING POTENTIAL

2/3 years

BOX

1 / 3 / 6 bottles

FORMAT

75 / 150 / 300 cl
